

LEXUS RX350 2013

Driver Protection rating based on analysis of real world crashes.

Used Car Safety Report

The Lexus RX350 has been awarded a 5 star Driver Protection rating in the latest Used Car Safety Rating (UCSR) report. UCSR are reported annually by the Monash University Accident Research Centre (MUARC). Ratings are estimated from data on real crashes reported to police in Australia and New Zealand and provide a very high level of confidence. The UCSR report classifies cars according to where their rating lies in relation to a best performance benchmark. The Driver Protection rating measures the relative safety of cars in preventing serious injury to their own drivers in crashes.
